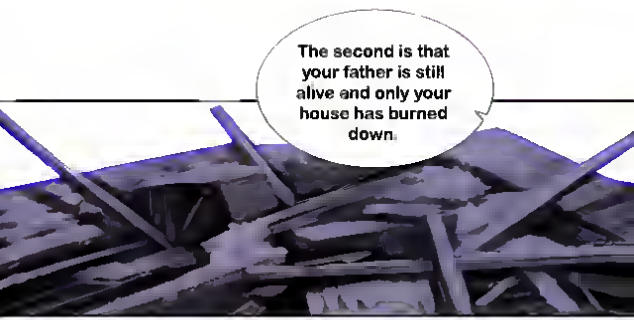
We have 3 theories

The first is that your father is dead.



The second is that your father is still alive and only your house has burned down.

The third...

What's the third?

Forget it Let's stay with two theories.
What?? Then why the hell did you say that!!
Silence.

To check if these theories are correct we need to investigate near your house.
If we ask the neighbors about this destroyed house they will certainly tell us something.

.....

And that's how we ended up here.

¡Woof!
¡¡Woof Woof!!
¡¡Hmic!!
Surprised
Are you kidding me?
It's that I haven't transformed into a human since a long time ago..
S..s..so b..because of t..this...

But why is everyone staring us?
¡¡Woof Woof!!
¡Woof!
Because... There's a guy in ridiculous clothes with a ridiculous cape who acts ridiculous in front of everyone. That's why they are staring us.

What? Ridiculous clothes?! But this hasn't happened to me before!!
If you're going to act like this, then why the hell did you transform?

Let's ring the bell first.
Ding Dong.

Y__ You ask, ok?
Hah. Shut up!

Who is it?
Opens
Ermm Sorry for the interruption, but can I ask you something?

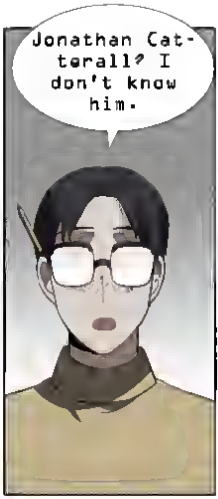
About this house which collapsed. The 10933.
¡Woof!
¡Woof!
Ah yes, what do you want to know about that house?
Max!! Shut up!!
Do you know what happened to the owner?

The owner...?
Yes. I think... He is around this tall

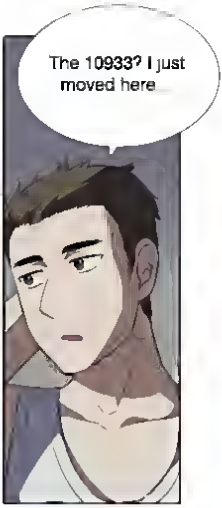
I don't remember very well... More than a year passed since that house collapsed...
I think it was because of an accident?

I don't know what happened to the owner.

.....

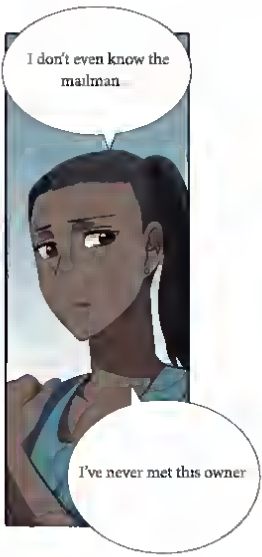


Jonathan Cat-terall? I don't know him.



The 10933? I just moved here.

I think that house has been like that for many years.



I don't even know the mailman.
I've never met this owner

Now that I think about it, I wonder when are they going to clean the house~

How strange... Last time I was investigating here the neighbors knew each other better.
What the heck could have happened? Why can't they remember?

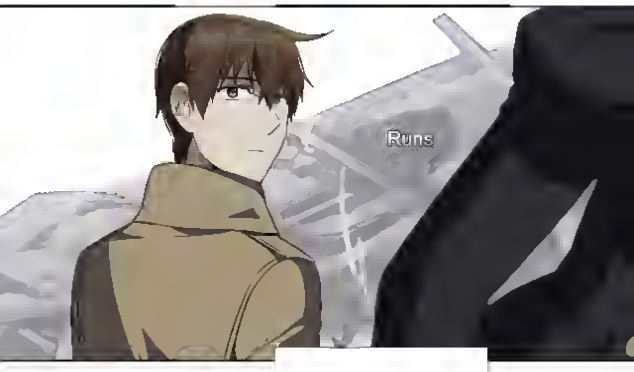
When and where the hell did you do this investigation?

It's like this nowadays. And this is the first time I talk to the neighbors.

God, you're so heartless.

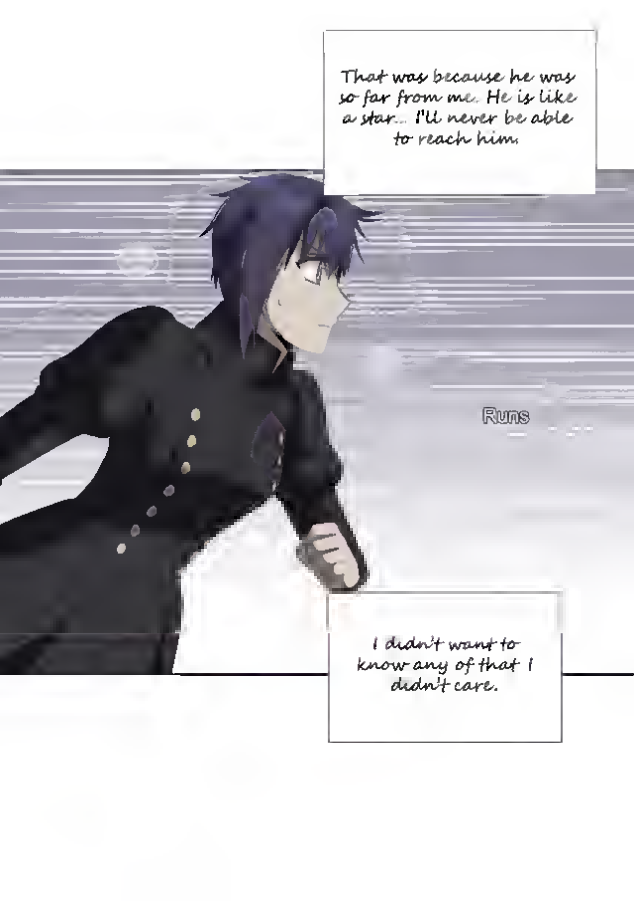
Based on the information received... More then a year passed since the house collapsed...

Damn. That bastard Beelzebub... He made it difficult for us.
It's my fault. Why did I say that to Henry...



Wait. That's it! I just have to ask Henry.

Where are you going, Sophie?!
Where is Henry?
...Wait... Do I know the address of Henry?
I've never asked his number. Nor his address.



That was because he was so far from me. He is like a star... I'll never be able to reach him.
Runs
I didn't want to know any of that I didn't care.

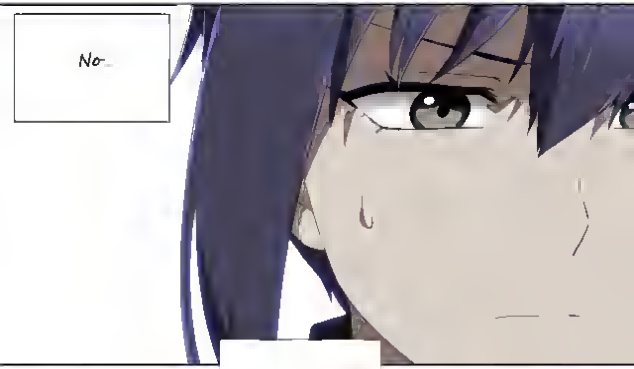
And look what is happening now... I don't know anything...
He is diligent, perfect at everything he does, and he is always loved by the others.
Sophie...
Isn't Henry a perfect person?

For me, such people were sweet.
All of this is Henry's fault.
As he was perfect... I started to think like that.

.... Henry....

If really

Henry did this



No...
This wasn't Henry...

W-Wait!

What do you want?
B Before going somewhere else...

I need clothes...

...What?

Y... You said I looked ridiculous...

Well, that was bec Forget it, you look fine
You're lying to me, right?!
Hm? Yeah
Hah, what a bother
And he was the one who told me that we had to hurry. Now he is just a hindrance.
What do you want me to do... Do you want me to accompany you? I don't have money.

I.. I have money..

I

Here you were, Sandal-phon
